The International Journal of Accounting & Information Management publishes research in accounting, finance and information management with a special emphasis given to the interaction between these areas of research in an international context and in either the private or public sectors. Aiming to bridge the knowledge gap between researchers and practitioners who are conducting research, the journal covers issues arising in:

International Journal of Accounting & Information ...

The International Journal of Accounting, Finance and Business (IJAFB) is an academic, refereed journal published quarterly (March, June, September and December). This journal provides open access to its content on the principle that making research journal and academic manuscript freely available to the public supports a greater global exchange of knowledge.

International Journal of Accounting, Finance and Business

Founded in 1992, the Journal of International Accounting, Auditing and Taxation (JIAAT) publishes research that advances our understanding of international accounting over a diverse range of topics and research methods. JIAAT articles deal with most areas of international accounting, including auditing, financial accounting, taxation, social and environmental accounting, and management accounting.

Journal of International Accounting, Auditing and Taxation ...

The Journal also welcomes manuscripts that help explain current international accounting practices, with related theoretical justifications, and identify criticisms of current policies and practice. Other than occasional commissioned papers or special issues, all the manuscripts published in the Journal are selected by the editors after the normal double-blind refereeing process.
