Who Better to Love You Than You? It's time to stop feeling like we're not enough. We're either too fat or too thin. We're not good enough, pretty enough, popular enough, powerful enough, bold enough, brave enough, interesting enough... The solution? More self-love. Know yourself. Bestselling author and psychotherapist, Daphne Rose Kingma, offers a four-step plan to reclaim and love ourselves. Complete with stories and examples to drown out the inner critic, *When You Think You're Not Enough* sets out to remind us that we're more than enough. Be nice to yourself. If we're being honest, we don't take ourselves much into consideration. Acceptance, appreciation, respect, compassion... we reserve these virtues for others. Daphne reminds us that we need these to feel good too. It is only after we foster these in ourselves that we can apply it to a greater purpose. Inside, she'll encourage you to love who you are, and look at and let go of: Self-deprecating behaviors and beliefs Old patterns and pressures Imaginary ideals and standards If you're ready to start loving yourself, and enjoyed books like, *I Thought It Was Just Me* (but it isn't), *More Than Enough*, or *You Are Enough*, then you'll love *When You Think You're Not Enough*.

In the relational literature, the subject of termination – the ending of an analysis – has received scant attention, and traditional Freudian or ego-psychological criteria are not always enough to assess the readiness to terminate therapy in the coconstructed, intersubjective analytic relationship. *Good Enough Endings* seeks to remedy this gap, bringing together contributions from contemporary relational thinkers, while at the same time engaging with ideas from other psychoanalytic perspectives. Topics given consideration include: Can there be a relational criteria or paradigm for termination, and what would it include? How do treatment goals of the analyst and/or that of the patient affect the decision to terminate? How do recent developments in attachment theory and research influence the preparation to end analysis? What occurs for the patient after termination, and how do we assess the need for follow-up? Integrating elements of existing psychoanalytic theory with the fruits of the relational turn, *Good Enough Endings* expands and expounds upon the relational considerations in ending analysis, providing a resource for reflection and insight into the final – and perhaps most difficult – aspect of psychoanalytic treatment.

Philosopher Daniel Milo offers a vigorous critique of the quasi-monopoly that Darwin's natural selection has on our idea of the natural world. In popular thought, Darwinism has even acquired the trappings of an ethical system, focused on optimization, competition, and innovation. Yet in nature, imperfect creatures often have the evolutionary edge.

If you saw a toothpick on the floor, what would you do? This seemingly innocuous question was posed to Subir Chowdhury by one of his longtime clients, and ultimately lead him to a profound realization: good enough is not enough. The best processes in the world won't work without developing the kind of mindset – a caring mindset – that is needed to achieve real and sustainable change in both organizations and individuals. In his compelling new book, bestselling author and globally recognized management consultant Subir Chowdhury tackles an issue that has haunted him in his work with many of the world's largest organizations. Why is it that some improve only incrementally, while others improve 50 times that? The ideas and training are exactly the same. What is the difference? The difference, Chowdhury explains, is the ability to nurture the skills, loyalty and passion of the people who make up an organization. It is a culture built on straightforwardness, thoughtfulness, accountability and resolve. Organizations and individuals that embrace all of these “STAR” attributes—not just one or two of them—will shine. He goes further, showing us why having a caring mindset outside of work is integral to both personal and professional success. A powerful guide to living a successful life and career, *The Difference* will inspire you to be the difference – at work or home.
