But in this era of all things tactical, Browning has decided to give the MK 3 DBM a harder look. New Browning BAR ...

~~Bar Match Browning~~

The Browning Automatic Rifle, otherwise known as the BAR, is an altogether distinct firearm from the more widely known M1918 BAR light machine gun of WWI, WWII, and Korean War fame. This BAR was born out of FN's "Carbine 66" commercial project. Design, testing, and fine tuning was done in 1966 and completed in 1967.

These BAR rifles are in current production. In most cases you can expect to see them at your Browning dealer or have your dealer order one for you. Please note that all optics and accessories in photos are shown for illustrative purposes only. Firearms do not include scopes or accessories shown unless specifically indicated in the description.

~~Current Production — BAR Rifles — Browning~~

The Browning BAR has a long standing tradition for achieving bolt action like accuracy in an autoloading rifle. Some of this is accounted for in the extreme level of precision and careful craftsmanship that goes into every rifle. But the design really sets it apart.
