Glimpsing Heaven: The Stories and Science of Life After ...

Glimpsing Heaven reveals both the uncertainty and the surprising joys of life after death.If you caught a glimpse of heaven, would you choose to come back to life? Investigative journalist Judy Bachrach has collected accounts of those who died and then returned to life with lucid, vivid memories of what occurred while they were dead, and the conclusions are astonishing.

A respected investigative journalist and hospice volunteer draws on documented cases of near-death experiences and interviews with survivors, doctors and scientists, identifying key patterns in near-death experiences and what they imply about an afterlife.

If you caught a glimpse of heaven, would you choose to come back to life? Investigative journalist Judy Bachrach has collected accounts of those who died and then returned to life with lucid, vivid memories of what occurred while they were dead, and the conclusions are astonishing. Clinical death—the moment when the heart stops beating and brain stem activity ceases—is not necessarily the end of consciousness, as a number of doctors are now beginning to concede. Hundreds of thousands of fascinating post-death experiences have been documented, and for many who have died and returned, life is forever changed. These days, an increasing number of scientific researchers are turning their studies to people who have experienced what the author calls death travels -- putting stock and credence in the sights, encounters, and exciting experiences reported by those who return from the dead. Through interviews with scores of these "death travelers," and with physicians, nurses, and scientists unraveling the mysteries of the afterlife, Bachrach redefines the meaning of both life and death. Glimpsing Heaven reveals both the uncertainty and the surprising joys of life after death.

Drawn from her decades of experience as a hospice nurse, Trudy Harris shares stories that offer an incredible glimpse at what lies beyond this world--ethereal music, colors that did

not exist on earth, angels, and loved ones who have gone on before. She has been with hundreds of patients as they took their last breaths and knows the kinds of questions that both the dying and their loved ones ask: What happens when we die? What should I say to a loved one who is dying? How can I make a dying friend feel safe? The stories she shares will bring the reader comfort and peace even amidst pain. Tender, heartbreaking, and eye-opening, this expanded edition of the New York Times bestseller offers more incredible windows into the world beyond and life after death.

Collects true stories of the beauty and pain of life's end from medical professionals, hospice workers, and the author's own experiences as a hospice nurse.

"A Glimpse of Glory is a wonderful testament to God's love and promises from one who experienced death-only reluctantly returning to life as we know it from the hereafter. The author wipes away the trepidation even Christians feel toward death and an inkling of what comes next while sharing his own humble beginnings, rugged upbringing and experiences. Rick East is the real deal and has a great message in his acceptance of Jesus Christ as his Lord and Savior and what he believes God wants him to share with as many as possible. This story is first rate with a vivid emotional impact and obviously has God's blessing." -Nick Weyland, fellow author and Christian brother
A Glimpse of Glory A mysterious illness caused Rick East to lapse into respiratory failure the afternoon of December 25, 2012. Rick discovered his spirit was in heaven and was being coached by the Holy Spirit. Rick saw the city of heaven and had many conversations with the Holy Spirit. The Holy Spirit answered questions that have puzzled Christians for years.

Bestselling authors Kay Warren, Gordon MacDonald, Liz Curtis Higgs, Mark Buchanan, Virginia Stem Owens, and Ben Patterson are among the 50 contributors to this collection of brief, inspiring stories. These seasoned writers recount experiences from their own lives and interpret them through the eyes of faith with passion and insight. Kay Warren spontaneously joins a welcome-home celebration for soldiers at an airport and witnesses the power of encouragement. Gordon MacDonald helps a friend struggle through a long hike and discovers the meaning of true friendship. Liz Curtis Higgs befriends a young fellow passenger but learns something from him about her "baggage." Readers will love these engaging stories and will learn that their own everyday lives are brimming with significance. The goodness of God, the value of every person, and the importance of meaningful relationships are just a few of the truths that flow from these first-person accounts from master storytellers.

In the mid 1940s James Wilburn Chauncey died of bacterial (Meningococcal) spinal meningitis. He was pronounced dead, covered with a white sheet to await the morgue and cremation. Several hours later, when two housekeepers entered the quarantined room, they were greeted by a most terrifying sight: a seven-year-old boy who was most certainly not dead at least not anymore. Though he suffered amnesia and couldn't remember anything prior to getting sick, James vividly recalled his experience in paradise while dead. There James was introduced to his three previously deceased siblings and shown a vision of his future and the future of the earth. Though considered a Miracle Boy, few people believed he was actually an Eyewitness to Heaven. The more common response was that the disease has damaged his brain permanently and he was retarded. Ostracized by his brothers and his classmates, James had tremendous problems in school, with his friends, and with life in general. He soon developed anger at Jesus for not taking him back to paradise. Over the next six decades, James remained silent about his experience and created a new personality as a defense mechanism. Finally, after surviving five heart attacks and two terminal cancers, James's daughters broke through and got him to reveal why he was so angry about surviving cancer, and persuaded James to open up about his experience.

Recounts the story of a young mother who underwent an intense near-death experience after she became unresponsive during a medical emergency, as she discusses the hardships of her past and the impact of the experience on her life.

Although Catherine Snow abhors Burke Grisham, the notorious Earl of Thornwald, for causing the eventual death of her husband, he continues to exert a strange power over her mind, able to perceive her secret yearnings. Original.

King Solomon states that God has set "eternity in our hearts." All our desires point to eternity and find their true fulfillment in heaven. But are there actually real glimpses of heaven in this life? Yes! Supernatural happenings take place from time to time as God so designates. Heaven reveals itself in the form of miracles, angels, and even near-death experiences. We also find it displayed in dramatic healings and gigantic answers to prayer that nothing else can account for. Heaven Sightings contains a rich mixture of amazing true stories that will boost your confidence in God and his ability to work miracles in your own life--and give an even greater inkling of what the destination will be like at the end of your earthly journey. Put aside the worries of your day and be inspired to place your trust in the God of heaven.
