MEET YOUR GOALS—ON TIME AND ON BUDGET. How do you rein in the scope of your project when you 've got a group of demanding stakeholders breathing down your neck? And map out a schedule everyone can stick to? And motivate team members who have competing demands on their time and attention? Whether you 're managing your first project or just tired of improvising, this guide will give you the tools and confidence you need to define smart goals, meet them, and capture lessons learned so future projects go even more smoothly. The HBR Guide to Project Management will help you: Build a strong, focused team Break major objectives into manageable tasks Create a schedule that keeps all the moving parts under control Monitor progress toward your goals Manage stakeholders ' expectations Wrap up your project and gauge its success

We all wish we could sharpen key management skills like writing more effective emails or proposals, focusing to-do lists on what really matters, giving more persuasive presentations, or dealing with a boss who makes you want to scream. But who has the time? The HBR Guides can help.

The one primer you need to launch, lead, and sponsor successful projects. We're now living in the project economy. The number of projects initiated in all sectors has skyrocketed, and project management skills have become essential for every leader and manager. Still, project failure rates remain extremely high. Why? Leaders oversee too many projects and have too little visibility into them. Project managers struggle to translate their hands-on, technical knowledge up to senior management. The result? Worthy projects are starved of time and resources and fail to deliver benefits, while too much investment goes into the wrong projects. To compete in the project economy, you need to close this gap. The HBR Project Management Handbook shows you how. In this comprehensive guide, project management expert Antonio Nieto-Rodriguez presents a new and simple framework that will increase any project's likelihood of success. Packed with case studies from many industries worldwide, it will teach you how to manage your organization's projects, strategic programs, and agile initiatives more effectively and push the best ones ahead to completion. Timeless yet forward-looking, this book will help you win in the project-driven world. In the HBR Project Management Handbook you'll find: Everything you need to know about project management in practical, nontechnical language A definitive taxonomy of project types, from product launches to digital transformations to megaprojects A road map for becoming an effective project leader and executive sponsor A new, simple, and universal project framework, the Project Canvas, that breaks down any project into essential building blocks that can be easily understood by all project stakeholders Original concepts and exclusive case studies from public- and private-sector organizations worldwide You'll learn: A common language for project managers and executives to run successful projects across your organization When to use agile, traditional, or hybrid methods in your projects The twelve principles of successful projects, including purpose, agility, and a focus on outcomes Techniques for selecting and advancing the best projects and managing a strategic and balanced project portfolio How today's projects will help address some of the most pressing global trends, including automation, sustainability, diversity, and crisis management Why project management needed to be reinvented and what the future holds HBR Handbooks provide ambitious professionals with the frameworks, advice, and tools they need to excel in their careers. With step-by-step guidance, time-honed best practices, and real-life stories, each comprehensive volume helps you to

stand out from the pack—whatever your role.

No More Headaches, Hypertension, or Heartburn If your work involves projects, then this book is for you. It will show every company owner and project manager—at businesses large and small—how to run projects differently. You'll benefit if you've ever:

- been over budget on a project
- exceeded a timeline on a project
- worked on a project that completely stalled as you neared the finish line
- lost money on a sure-thing project and had no idea why
- noticed that scope and feature creep held you back
- watched a project take three times as long as planned
- felt too embarrassed to perform a review of your successes and failures
- wondered whether your project actually made any money

By the time you finish the book, you'll be ready to implement Project Management for Profit in your own company—and be prepared to keep your projects on track and on budget.

Projects are the engines that drive innovation from idea to commercialization. In fact, the number of projects in most organizations today is expanding while operations is shrinking. Yet, since many companies still focus on operational excellence and efficiency, most projects fail—largely because conventional project management concepts cannot adapt to a dynamic business environment. Moreover, top managers neglect their company's project activity, and line managers treat all their projects alike—as part of operations. Based on an unprecedented study of more than 600 projects in a variety of businesses and organizations around the globe, "Reinventing Project Management" provides a new and highly adaptive model for planning and managing projects to achieve superior business results.

Managing Projects Large and Small: The Fundamental Skills for Delivering on Cost and On Time When it comes to project management, success lies in the details. This book walks managers through every step of project oversight from start to finish. Thanks to the book's comprehensive information on everything from planning and budgeting to team building and after-project reviews, managers will master the discipline and skills they need to achieve stellar results without wasting time and money. The Harvard Business Essentials series is for managers at all levels but is especially relevant for new managers. It offers on-the-spot guidance, coaching, and tools on the most relevant topics in business. Each book includes the critical information that managers need on a given topic—from budgeting to hiring to communication to strategy—and offers interactive tools and worksheets that translate advice into action. Providing ready answers to day-to-day issues, these guides make sound, trusted mentoring advice available whenever managers need it. Other Books in the HBE Series: Managing Change and Transition Hiring and Keeping the Best People Finance for Managers Business Communications Innovation Negotiation

This big initiative could make or break this fiscal year—or your career. Managing a successful strategic initiative may be the key to transforming your company—and propelling your career forward. Yet running a cross-functional team on a high-profile project can present a multitude of challenges and risks, causing even the most experienced manager to struggle. The HBR Guide to Managing Strategic Initiatives provides practical tips and advice to help you manage all the stages of an initiative's life cycle, from buy-in to launch to scaling up. You'll learn how to: Win—and keep—support for your new initiative Move rapidly from approval to implementation Assemble transformative, high-performing initiative teams Maintain the confidence of sponsors and stakeholders Stay on schedule and within budget Avoid initiative overload by killing projects that aren't meeting business needs Keep multiple initiatives in strategic alignment Arm yourself with the advice you need to succeed on the job, from a source you trust. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

DON'T LET YOUR FEAR OF FINANCE GET IN THE WAY OF YOUR SUCCESS Can you prepare a breakeven analysis? Do you know the difference between an income statement and a balance sheet? Or understand why a business that's profitable can still go belly-up? Has your grasp of your company's numbers helped—or hurt—your career? Whether you're new to finance or you just need a refresher, this go-to guide will give you the tools and confidence you need to master the fundamentals, as all good managers must. The HBR Guide to Finance Basics for Managers will help you: Learn the language of finance Compare your firm's financials with rivals' Shift your team's focus from revenues to profits Assess your vulnerability to industry downturns Use financial data to defend budget requests Invest smartly through cost/benefit analysis

You've been asked to manage a key project—or perhaps you've volunteered for an assignment that could advance your career. So how do you make sure the project succeeds? **Managing Projects** walks you quickly through the basics, including: Drawing up a realistic schedule and project plan Monitoring key tasks and benchmarks Communicating with stakeholders Bringing the project to a close Don't have much time? Get up to speed fast on the most essential business skills with HBR's 20-Minute Manager series. Whether you need a crash course or a brief refresher, each book in the series is a concise, practical primer that will help you brush up on a key management topic. Advice you can quickly read and apply, for ambitious professionals and aspiring executives—from the most trusted source in business. Also available as an ebook.

ARE YOUR WORKING RELATIONSHIPS WORKING AGAINST YOU? To achieve your goals and get ahead, you need to rally people behind you and your ideas. But how do you do that when you lack formal authority? Or when you have a boss who gets in your way? Or when you're juggling others' needs at the expense of your own? By managing up, down, and across the organization. Your success depends on it, whether you're a young professional or an experienced leader. The HBR Guide to Managing Up and Across will help you: Advance your agenda—and your career—with smarter networking Build relationships that bring targets and deadlines within reach Persuade decision makers to champion your initiatives Collaborate more effectively with colleagues Deal with new, challenging, or incompetent bosses Navigate office politics
