With over 5,500—including 150 new—accessible entries, this sixth edition of the bestselling Dictionary of Finance and Banking has been fully revised and updated to take into account the ever-developing financial landscape of the last five years. This comprehensive A-Z defines terms from all aspects of personal and international finance, including money markets, private investments and borrowing, central banking, foreign exchanges, monetary policy, and public and government finance. International coverage is expanded to reflect the on-going globalization of financial markets and the growing importance of development finance, with new entries such as "village banking," "Islamic Development Bank," and "M-Pesa." Quick links for additional online resources relating to the field can also be found on the companion website to expand reading and delve deeper into the world of finance and banking. With clear and accessible definitions, this jargon-free dictionary is a companion volume to the other financial titles in this bestselling series (A Dictionary of Business and Management, A Dictionary of Accounting, and A Dictionary of Economics), and provides accurate and valuable information for students, practitioners, private investors, and readers of the financial pages alike.

This dictionary covers all aspects of finance and banking, from personal investments to international trading.

This best-selling dictionary includes more than 3,800 entries covering all aspects of accounting, including financial accounting, financial reporting, management accounting, taxation, auditing, corporate finance, and accounting bodies and institutions. Its international coverage includes important terms from UK, US, Australia, India, and Asia-Pacific. Over 150 new entries have been added to this edition to reflect the very latest developments in the accounting profession, e.g. Accounting Council, European Financial Stability Mechanism, and General Anti-Abuse Rule. In addition, existing entries have been updated to cover the

latest developments, most notably the Financial Reporting Standard Applicable in the UK and the Republic of Ireland, which sets out new rules in areas such as goodwill, hedge accounting, and fair value accounting. There is increased coverage of topics such as corporate governance, accounting ethics, accounting scandals, and major firms and professional bodies. With its authoritative and accessible definitions and its wide-ranging coverage, this dictionary is essential for students and professionals in accounting and finance. It is also an ideal source of reference for anyone seeking a clear guide to the often-confusing world of accountancy terms.

This authoritative dictionary covers every aspect of personal and international finance. It has been fully revised and updated, particularly with regards to terminology relating to the financial crash of 2008-9. With clear definitions for over 5,200 entries, it is an indispensable guide for anyone involved in finance and banking.

This wide-ranging and authoritative dictionary contains over 7,100 entries covering all areas of business and management, including marketing, organizational behaviour, business strategy, law, and taxation. In its sixth edition, it features the very latest developments, such as those relating to information technology (including mobile technology), and the financial crisis and the subsequent sovereign debt crisis. Entries have been updated to refer to recent events and news in the field, for example the LIBOR scandal. Over 100 new entries have been added including bitcoin, Cog's Ladder, mobile commerce, Six Sigma, social media, theory of institutional deficiencies, and zero-hours contract. Furthermore, there is expanded coverage of areas such as financial regulation and corporate social responsibility, with a number of new entries offering insight into these topics, including aw-shucks defence and Financial Conduct Authority. The new edition of this established bestselling dictionary elucidates modern financial and management jargon, defining entries in a clear, concise, and accessible manner. With recommended web links for many entries, accessible and kept up to date via the Dictionary of Business and Management companion website, this edition is more informative than ever. This A--Z reference work is essential for business students, teachers and professionals, and useful for anyone needing a guide to business terminology.

A Dictionary of Marketing is an accessible and wide-ranging A-Z, providing over 2,600 entries on topics spanning terms for traditional marketing techniques (from strategy, positioning, segmentation, and branding, to all aspects of marketing planning, research, and analysis), as well as leading marketing theories and concepts. Both classic and modern marketing techniques are covered. Entries reflect modern changes in marketing practice, including the use of digital and multi media, the impact of the world wide web on advertising, and the increased influence of social media, search engine optimization, and global marketing. Also included is a time line of the development of marketing as a discipline and the key events that impacted the development, as well as over 100 relevant web links, accessed and updated via a companion website. In addition, the main appendix provides greater depth on the subject, including advertising and brand case studies with a strong international focus. These are arranged thematically, e.g. automobile industry, food and drink, luxury goods, and focus on iconic brands, marketing campaigns, and slogans of the 20th century that have permeated our collective consciousness, exploring how the ideas defined in the main text of the book have been utilised successfully in practice across the globe. This dictionary is an indispensable resource for students of marketing and related disciplines, as well as a practical guide for professional practitioners.

Title on cover: Oxford dictionary of economics.

Now thoroughly updated and expanded, this second edition will be invaluable for reference in the office, at college, or at home. The comprehensive range of entries covering the whole field of finance and banking will make it an essential item for both students and professionals, while the clarity and coverage of personal finance also make it the most accessible dictionary for personal investors. 3000 authoritative entries on every aspect of the financial world; international coverage of the world's important financial centres; personal finance, from investments, pensions and taxation.

This bestselling dictionary is an authoritative and comprehensive source of jargon-free legal information. It contains over 4,800 entries that clearly define the major terms, concepts, processes, and the organization of the English legal system. Now in its ninth edition, it has been fully updated to incorporate recent case law and the latest legislation, such as the Modern Slavery Act 2015, the Brexit legislation, and changes in consumer, tax, and family law. Over 100 new entries have been added, including Article 50, Brexit, the Marriage (Same Sex Couples) Act 2013, and intercountry adoption. In addition, there is a useful Writing and Citation Guide that specifically addresses problems and established conventions for writing legal essays and reports. Now providing more information than ever before, this edition features recommended web links for many entries, which are accessed and kept up to date via the Dictionary of Law companion website. Described by leading university lecturers as 'the best law dictionary' and 'excellent for non-law students as well as law undergraduates', this classic dictionary is an invaluable source of legal reference for professionals, students, and anyone else needing succinct clarification of legal terms. Focusing primarily on English law, it also provides a one-stop source of information for any of the many countries that base their legal system on English law.
