Dès que Gregory Toussaint avait publié son livre "Jézabel Mis À Nu" en 2008, certains croyaient qu'il s'agissait d'une histoire d'amour entre le pasteur et Jézabel, cet "esprit" qu'il prétend combattre mais qui finalement l'a fait connaître et a fait sa fortune.

Et si Gregory Toussaint était en fait l'amant de Jézabel?

Madan Pastè, Sr. Patricia Toussaint LIVE! Que dois-je faire pour développer la bonté?/What must I do to develop kindness? | Shekinah.fm

This analytical interdisciplinary approach to the study of behaviour in world society attempts to make relatively advanced material intelligible to those without the background of political science which has hitherto been necessary. Dr Burton, viewing world society as a total environment in which the behaviour of individuals, groups, nations and states occurs, describes ethnic, political, economic and ideological systems and discusses all aspects of behaviour: decision-making; roles, non-rational activity, problems of perception, values and conflict. He shows how such behaviour relates to that which we know in all

social groups and in more confined areas, and states that any analysis of international society, its problems and conflicts, which explains behaviour at one social level differently from activity at another social level must be misleading. This book provides a stimulating and challenging analysis of world society which will interest a wide range of those studying international relations, sociology and politics in universities, schools and colleges of education.

Religious Studies Over the last thirty years African American voices and perspectives have become essential to the study of the various theological disciplines. Writing out of their particular position in the North American context, African American thinkers have contributed significantly to biblical studies, theology, church history, ethics, sociology of religion, homiletics, pastoral care, and a number of other fields. Frequently the work of these African American scholars is brought together in the seminary curriculum under the rubric of the black church studies class. Drawing on these several disciplines, the black church studies class seeks to give an account of the broad meaning of Christian faith in the African American experience. Up to now, however, there has not been a single, comprehensive textbook designed to meet the needs of students and instructors in these classes. *Black Church Studies: An Introduction* will meet that need. Drawing on the work of specialists in several fields, it introduces all of the core theological disciplines from an African American standpoint, from African American biblical interpretation to womanist theology and ethics to sociological understandings of the life of African American churches. It will become an indispensable resource for all those preparing to serve in African American congregations, or to understand African American contributions to the study of Christian faith. Looks at the diverse definitions and functions of the Black Church as well as the ways in which race, class, religion, and gender inform its evolution. Provides a comprehensive view of the contributions of African American Scholarship to the current theological discussion. Written by scholars with broad expertise in a number of subject areas and disciplines. Will enable the reader to relate the work of African American theological scholars to the tasks of preaching, teaching, and leading in local congregations. Will provide the reader the most comprehensive understanding of African American theological scholarship available in one volume. Stacey Floyd-Thomas, Brite Divinity School Juan Floyd-Thomas, Texas Christian University Carol B. Duncan, Wilfrid Laurier University Stephen G. Ray Jr., Lutheran Theological Seminary-Philadelphia Nancy Lynne Westfield, Drew University *Theology/Theology and Doctrine/Contemporary Theology*

Drawing on her own experiences of trauma and difficulties, renowned Bible teacher and bestselling author Joyce Meyer shares her expertise on how to grow and live a happy and joyous life. Joyce Meyer is probably better equipped than anyone when it comes to never giving up. She overcame an abused childhood, a bad marriage and extremely limited opportunities to become one of the most popular author/speakers in the world. JoyceMeyerMinistries was the first ministry in America to be headed by a woman, and it's one of the largest in the world. If anyone knows how to hold on to a dream and realize it, it's her. Packed with examples of people who pursued their goals relentlessly, the book profiles nearly fifty individuals who prevailed against all odds. From the builder of the Brooklyn Bridge to the chemists who invented Post-It notes we meet people like Bessie Coleman, an African-American who had to go to flight school in Paris in order to learn how to fly. But she did, becoming the first woman in America to earn her pilot's license in 1920. Download the free Joyce Meyer author app.

Published in 1865 and edited by abolitionist L. Maria Child, *The Freedmens Book* was intended to be used to teach recently freed African Americans to read and to provide them with inspiration. Thirsting for education, Freedmen were eagerly enrolling in any schools that would accept them. Child saw a need for texts and provided one of collected stories and poems written by former slaves and noted abolitionists, herself included./span

From T.D. Jakes, the #1 New York Times bestselling author of *Crushing: God Turns Pressure into Power*, comes straight talk and strong spiritual guidance for men—and the women who love them... **AS A MAN** you may often feel the pressure of fulfilling many roles in life: husband, father, son, businessman, member of the church community. Now T. D. Jakes comes to your aid with a guidebook to help you understand your own needs for emotional and spiritual support. He offers practical, sound answers to assist you in expressing your needs and having them met in healthy and wholesome ways by those you love. This is a candid, no-holds-barred look at sexuality, spirituality, and the seldom mentioned but extremely important emotions that shape success in every area of a man's life. Using examples from his own life, as well as from the lives of the thousands of men he has counseled, Jakes gives detailed advice on how to move from struggle to success, from victim to victory. **AND LADIES, He-Motions** is also for you. Inspirational and refreshingly honest, this is the ultimate source for women seeking to comprehend and care for the men in their lives. It helps you decode men's often baffling behavior and provides eye-opening insights for greater intimacy and healing in your relationships. **HE-MOTIONS** brings clarity and hope to men and helps them strengthen their relationships with themselves, with the women in their lives, and with their Lord. It gives women the solutions they seek as they relate to the men they love. It is a book that will bring you closer together...and closer to God.

The *Black Church Studies Reader* addresses the depth and breadth of Black theological studies, from Biblical studies and ethics to homiletics and pastoral care. The book examines salient themes of social and religious significance such as gender, sexuality, race, social class, health care, and public policy. While the volume centers around African American experiences and studies, it also attends to broader African continental and Diasporan religious contexts. The contributors reflect an interdisciplinary blend of Black Church Studies scholars and practitioners from across the country. The text seeks to address the following fundamental questions: What constitutes Black Church Studies as a discipline or field of study? What is the significance of Black Church Studies for theological education? What is the relationship between Black Church Studies and the broader academic study of Black religions? What is the relationship between Black Church Studies and local congregations (as well as other faith-based entities)? The book's search for the answers to these questions is compelling and illuminating.
