The Grunt is a great love story that wasn't too bogged down with heaviness and focus on race. It just told the story of two people who found love and refused to let outside forces tear them apart.

"Marines don't know how to spell the word defeat." Gen. James "Mad Dog" Mattis Staff Sergeant Brett Black is a decorated, Force Recon Marine dedicated to Country, Family and God. Married to the colonel's daughter, Courtney Black, the father of two and prepping for a promotion, his world is finally on track after a long history of unfortunate events. However, while on a special op in Afghanistan, Brett is severely wounded. Immediately, he is shipped back to the U.S. with the expectation of being medically retired for injuries sustained in the line of duty. Only for a man who has only known one way of life his entire adulthood, the prospect of being kicked out the Marine Corps creates an internal crisis and an external family conflict. Will he be able to fight back to the man he was in order to stay in his beloved Corps or will he have to take a new path? Courtney Black is a new bride with an adorable stepson and a brand new baby girl; however, she doesn't want to just be a military wife her entire life. So, when her husband is injured, she sees an opportunity for them to leave Camp Lejeune and start a new adventure, especially when Brett's son's biological father comes out of the shadows and threatens to take away the little boy that brought Brett and Courtney together. It's her job to keep her family together despite everything that is tearing them apart.

Miss Lonelyhearts is a decidedly off-kilter, darkly comic tale set in New York in the early 1930s. A nameless man is assigned to produce a newspaper advice column. It was meant to be a joke. Residing in Dallas, Texas with her grandmother, a significant birthday of Asia's arrives. A package is delivered, yet its content was far more than a gift. It was a life journal sent from her deceased mother, Naomi. Set from the early 80s to the present, Listen To Me is a young adult novel of a child discovering life through her mother's death. While reading into her mother's past, Asia's idea of Naomi's immortality is tested by the content of the journal. From her teenage years until her passing, Naomi wrote of sex, drugs, lies and love, all that would face the parentless child. By journal's end Asia discovers a letter written to her from Naomi. The note reveals why she died, what led to her death and why not even six feet of dirt and rocks could keep them apart. Through the pages of a journal assorted with influential poetry, a young girl saw death, yet discovered how to live her life. The choices you choose conclude life or death. Listen To Me wittingly demonstrates both through a terminally ill parent using her personal life as an example. By story's end, a mother teaches life to her daughter from a coffin that was created due to her very own decisions. So, what would you do if you knew your life was going to end yet you had a child to raise? How would you reach them, teach them from beyond the grave? Naomi answered, A Journal.

In Limbo, award-winning journalist Alfred Lubrano identifies and describes an overlooked cultural phenomenon: the internal conflict within individuals raised in blue-collar homes, now living white-collar lives. These people often find that the values of the working class are not sufficient guidance to navigate the white-collar world, where unspoken rules reflect primarily upper-class values. Torn between the world they were raised in and the life they aspire to, they hover between worlds, not quite accepted in either. Himself the son of a Brooklyn bricklayer, Lubrano informs his account with personal experience and interviews with other professionals living in limbo. For millions of Americans, these stories will serve as familiar reminders of the struggles of achieving the American Dream.

This unforgettable novel from renowned author Katherine Applegate celebrates the transformative power of unexpected friendship. Inspired by the true story of a captive gorilla known as Ivan, this illustrated book is told from the point of view of Ivan himself. Having spent twenty-seven years behind the glass walls of his enclosure in a shopping mall, Ivan has grown accustomed to humans watching him. He hardly ever thinks about his life in the jungle. Instead, Ivan occupies himself with television, his friends Stella and Bob, and painting. But when he meets Ruby, a baby elephant taken from the wild, he is forced to see their home, and his art, through new eyes. In the tradition of timeless stories like *Charlotte's Web* and *Stuart Little*, Katherine Applegate blends humor and poignancy to create an unforgettable story of friendship, art, and hope. *The One and Only Ivan* features first-person narrative; author's use of literary devices (personification, imagery); and story elements (plot, character development, perspective).
