**Spies: The Rise and Fall of the KGB in America** **The FBI Investigates Soviet Deep-Cover Spies in America** **The Haunted Wood Soviet Espionage**

The Haunted Wood capitalizes on the temporarily-opened archives of the KGB and the fruits of the VENONA deciphering project to trace the pattern of Soviet espionage in the U.S. during the Stalin era. It traces the experiences of individual spies and their handlers, so that there are mini-narratives within the overarching narrative of pre-Cold War espionage.

**The Haunted Wood: Soviet Espionage in America: the Stalin ...**

The "Haunted Wood" is often cited by defenders of the Red Scares as demonstrating that Soviet spying was, indeed, a major threat. After reading it, the conclusion I come off with is a little different: that while there were spies in the 1930s and during World War II, Russian espionage operations were nearly totally disabled by the 1950s when McCarthyism occurred.

**The Haunted Wood: Soviet Espionage in America - The Stalin ...**

One of the questions The Haunted Wood raises, at least by implication, is that of the motives of the Soviet Union's American accomplices. Recent commentators have contrasted mercenaries like Aldrich Ames and John Walker with the "spies of conviction" of the 1940s. That contrast survives The Haunted Wood but not intact. Conviction may have been part of the amalgam of motivation, but so it seems were cultural chic and an element of ennui among some Americans of education and privilege ...

Still, for serious students of U.S.-Soviet relations, "The Haunted Wood" contains nuggets of raw information unobtainable anywhere else. For an interpretation or a humanization of these nuggets,...

**CNN - Salon review: 'The Haunted Wood' - January 22, 1999**

At some point, the accumulation of evidence permits us to dismiss such people as crackpots. We are now well past that point with regard to the most controversial spy cases of the 1940s and 1950s. Third, Venona and The Haunted Wood show that espionage at the behest of the Soviet Union was much more extensive than previously recognized. To dismiss it as the handiwork of a few misguided souls is to understate the problem by an order of magnitude.

The Haunted Wood capitalizes on the temporarily-opened archives of the KGB and the fruits of the VENONA deciphering project to trace the pattern of Soviet espionage in the U.S. during the Stalin era. It traces the experiences of individual spies and their handlers, so that there are mini-narratives within the overarching narrative of pre-Cold War espionage.

**The Haunted Wood: Soviet Espionage in America - The Stalin ...**

Based on documents from the archive of the Russian Foreign Intelligence Service (SVR), The Haunted Wood provides highly valuable information about Soviet espionage in the 1930s and 1940s. Some of the information is entirely unexpected, such as the revelation that U.S. Representative Samuel Dickstein was bribed by Soviet intelligence operatives in the late 1930s.

**Book Review - Harvard University**

The experience of reading "'The Haunted Wood'" is rather like looking into the new edition of a book from which half the pages had previously been torn out. What emerges most sharply is proof of...

**The Kremlin Connection - The New York Times**

Alexander Vassiliev is a Russian journalist, writer, and espionage historian living in London who is a subject matter expert in the Soviet KGB and Russian SVR. A former officer in the Soviet Committee for State Security, he is known for his two books based upon KGB archival documents: Spies: The Rise and Fall of the KGB in America, co-authored with John Earl Haynes and Harvey Klehr, and The Haunted Wood: Soviet Espionage in America: the Stalin Era, co-authored with Allen Weinstein.

**Alexander Vassiliev - Wikipedia**

If you are new to the story, THE HAUNTED WOOD is probably the best introduction to the tale of Soviet espionage in the Stalin era. If you're one of the ones with unreasonable doubts, it will crush your last pretenses, because the KGB let Weinstein and Vassiliev look at some of their files, confirming the identities of numerous agents.
