offers a clear, comprehensive discussion of basic terms and theory. Well-grounded in research, the Twelfth Edition offers contemporary findings throughout.

“Understanding Theory and Research” boxes in every chapter highlight relevant theories and research to help illustrate how theory can be provocative and often practical.

DeVito, Interpersonal Communication  
Book, The | Pearson

The Interpersonal Communication Book approaches the subject of communication through integrative theory, research, and hands-on methods. A threefold approach identifies important communicative concepts: choices in interpersonal situations, the theories and research that support these choices, and the communication skills necessary to effectively use these theories.
