39 Note that JWT is increasingly being viewed as a "scalar" approach, according to which the overall justice of a war is a matter of degree, rather than a "checkboxlist," according to which all criteria of jus ad bellum, jus in bello, and jus post bellum must be met for a war to be just. As such, although these three solutions may provide extra restrictions on warfare, they do not mean ...

War used to get a moral pass as a sporting contest between two armies on a distant battlefield. Then it became the occupation of people's homes and the slaughter of those people. Now our propaganda is working to restore war's status as a sport, not against an honorable opponent but against an invisible one.

Virtuous consequentialism restores to the virtues an importance lost in recent just-war thinking. Just-war teaching, so reinforced, is applied in Part Two to address key contemporary security challenges, including the changing nature of war, military preemption and torture, the morality of the Iraq War, and humanitarian intervention.

Despite a recent explosion of interest in the ethics of armed conflict, the traditional just war criterion that war be waged by a "legitimate authority" has received relatively little attention. Moreover, of those theorists who have addressed the criterion, many are deeply skeptical about its moral significance.
