Corporate law in Vietnam was originally based on the French commercial law system. However, since Vietnam's independence in 1945, it has largely been influenced by the ruling Communist Party. Currently, the main sources of corporate law are the Law on Enterprises, the Law on Securities and the Law on Investment.

Vietnam was the largest FDI recipient among developing countries and economies in transition in proportion to the size of its economy (World Bank, 1999) thanks to its "macroeconomic stabilization resulting from Doi Moi and investor expectations of continuing reforms and improvements in the general investment climate" (Kokko, 1998). Corporate Law and Private Enterprise Law in 1990 'broke ground' the national private growth engine.
